

5 KEY SELLING POINTS

1

Firetime® is certified to ENplus® A1.

The highest quality standard in the world!

2

Firetime® comes in 20KG bags which is great value for money.

3

Firetime® is approved under pellet fire manufacturer warranties.

If a pellet fuel is not certified it may void their pellet fire warranty!

4

One bag can last between 1-2 days depending on heat output.

Get your customers to buy in bulk and offer your delivery service. It will make their lives easier.

5

Firetime® is guaranteed to give you a clean hot burn.
